A debit note or payment request can be created in 3 ways:

1. MANUALLY

The screenshot displays the 'Add debit note' form in the Tabler World application. The interface includes a top navigation bar with the Tabler World logo, breadcrumb navigation (RTI > RT Belgium > Zone 1 > 92 KNOCKE-HEIST), and user information (BENOIT Admin). A left sidebar contains a menu with categories like GENERAL, DEFAULT MODULES, and ADVANCED, with 'Debit notes' highlighted. The main content area features a form with the following fields:

- Date***: 2019-08-12
- Expiration date***: 2019-09-01
- Description***: Membership fee
- Amount***: 500
- Send emails**: Yes (checked)

Below the form, there are sections for 'Charge to' and 'Except'. The 'Charge to' section shows a selected contact: BENOIT STRYPSTEEN (BENOITSTRYPSTEEN). The 'Except' section contains a warning: 'These users will **not** receive a **debit note**, regardless of their group(s) and function(s).' and a search bar for contacts. An 'Add debit note' button is located at the bottom right of the form.
